In regards to: Invoice #4704

Dear Isaac :

This letter is to let you know how pleased we were with the recent work done to place rip rap material alongside our drive. We were impressed with your prompt reply to our telephone inquiry regarding having this work done, your attention to detail and follow-through.

You and your crew were very professional and knowledgeable and we appreciate the efforts you put into the correction of our erosion problem.

Thank you very much for your help with this.

Sincerely yours,

Enclosure (1)
